HOT PRODUCT OF THE MONTH

AROMA THERAPY

Want to give your apartments a clean, fresh scent? Forget potpourri and try Paint SCENTsations. The product mixes easily into any latex paint to produce a long-lasting fragrance to help eliminate pet and smoke odors and more. The fragrance options include tropical winds, soft vanilla, ocean breeze, airy fresh, simply clean, and simply citrus. The suggested ratio of one ounce per gallon of paint provides a subtle fragrance for six to 12 months for smaller areas and four to six months for larger areas.

For more information, call Simon Distributing Co. at 888-771-9065 or visit www.paintscentsations.com.
